GRADUATE TRAINING EXPERIENCE

Park Place Behavioral Health Care, Kissimmee, Florida	8/06-8/07
Predoctorial Internship	
Thelma F. Lynch, Ph.D.	
Duties: Services provided to several programs including children's outpatient, children's school based, child and adult crisis unit, substance abuse (inpatient, outpatient, residential), therapeutic group home, Intensive Behavioral Unit for adolescents, juvenile detention, outpatient adult and older adult psychotherapy programs, day treatment program for chronic mentally ill. Individual, family, and group therapy was provided. State reporting, treatment planning, and scheduling was managed by the clinician. This position required working well with multidisciplinary treatment teams and ability to work independently.	
New College of Florida / University of South Florida, Sarasota Campus	11/05 – 5/06
Therapy Practicum	
Anne E. Fisher, Ph.D.	
Counseling and Wellness Center	
Duties: Conducting intake interviews, provision of individual and group therapy. Five axis diagnoses, and treatment plans were created for each client and reassessed throughout treatment. Had regular case staffings with the agency psychiatrist and other licensed clinicians to facilitate continuity of care. Provided services to students of both New College and the University of South Florida.	
University of South Florida, St. Petersburg, Florida Campus	6/05 - 8/05
Supplemental Practicum	
Katherine McKay, Ph.D.	
Career and Counseling Center	
Duties: Conducting intake interviews, provision of individual and group therapy. Services were provided to an ethnically and racially diverse clientele who were both students and employees of the university. Career counseling and psycho-	

educational outreach services were provided as requested by faculty and staff.

Coastal Behavioral Healthcare, Inc., Sarasota, Florida

7/04 – 5/06

Diagnostic Practicum

Jane Zarzecki, Ph.D.

Duties: Provided services at the Community Assessment and Intervention Center (CAIC) and Sarasota County's Mental Health Court. Provided psychological testing, drug court assessments, educational assessments, and treatment planning to individuals within a community mental health and forensic setting. Clientele were primarily of low SES or indigent individuals from diverse ethnic and racial backgrounds. Feedback sessions held with clients included review of treatment plans, recommendations, and findings from testing. Regular communication was maintained with schools, physicians, and the Health Care Court as related to client care.

TEACHING EXPERIENCE

Hillsborough Community College, Tampa, Florida

7/06-1/07

Adjunct faculty

General Psychology

Duties: Responsible for all aspects of a "General Psychology" course, with more than thirty-five students. This involved choosing course themes, creating the syllabus, writing and delivering over twenty lectures, producing PowerPoint presentations or overhead slides for each lecture, devising study guides, writing and grading exams, holding regular office hours, creating and maintaining a class web site, and handling all administrative aspects of the course.

Sarasota County School Board, Sarasota, Florida
